

Physicians Care Surgical Hospital

NOTICE TO PATIENTS: DISCLOSURE OF OWNERSHIP AND PATIENT SAFETY MEASURES

We are required Federal law to notify you that this Hospital meets the Federal definition of a “physician-owned hospital” as specified in 42 C.F.R. § 482.13(b)(2). A list of physicians who have a financial interest in this Hospital is available upon request.

We are also required under Federal law to give all patients written notice that a doctor of medicine or a doctor of osteopathy is not present in the Hospital twenty-four (24) hours per day, seven (7) days per week. In the event a patient develops an emergency medical condition at a time when no physician is present at the Hospital, then the Hospital’s qualified medical accordance with the Hospital’s emergency medical condition policies and procedures until the patient is either stabilized; or, if emergency is outside the scope of the Hospital’s capabilities, until the patient is transported to another hospital.

Origination Date 9/25/2010

[To be given to all patients at the beginning of their hospital stay or out-patient visit.]
